Office of Inspector General Kristofer B. Sullivan, Inspector General

OIG Audit Work Plan, Fiscal Year 2025-26

July 23, 2025

Secretary,

I am pleased to present the Florida Department of Transportation (Department) Office of Inspector General's (OIG) Annual Audit Work Plan for fiscal year (FY) 2025-26.

Our Audit Work Plan is risk-based to provide broad coverage of Department programs, systems, and controls. The OIG's risk analysis is based on input from the Secretary, Assistant Secretaries, Chief of Staff, District Secretaries, and Functional Managers.

The activities outlined in our Audit Work Plan address the Department's major operations and optimize the use of our resources. We retain approximately 20 percent of our hours for Department projects that may be requested during the year. We also allocated a percentage of our audit resources for projects that may be requested by the Governor's Chief Inspector General (CIG) for projects with enterprise-wide focus.

RISK ASSESSMENT PROCESS

Subsection 20.055(6)(i), Florida Statutes, (2024), and professional audit standards, require the OIG to develop risk-based, long-term, and annual audit plans, which consider resources and input from senior management. The methodology used for our risk assessment process is detailed below.

Define the audit universe

As part of our risk assessment process, we identified and determined auditable areas within the Department. The Department's major program areas are:

- Engineering and Operations
- Strategic Development
- Finance and Accounting
- Transportation Technology
- Florida's Turnpike Enterprise

Within each major program area are functional areas which comprise the audit universe. This universe is defined within our risk assessment process and updated on an annual basis.

Identify major risks

We surveyed Department management, including Assistant Secretaries, District Secretaries, Functional Managers, and OIG staff. They identified major risks, potential audit topics, and any concerns they had regarding fraud, waste, abuse, or potential wrongdoing in the Department.

Translate risks into measurable risk factors

We discussed the impact, likelihood, and risk type of each topic submitted. The following risk factors were also considered to assist in prioritizing topics: changes in leadership; new governing processes; and new information technology systems.

Present topics to the Secretary

The topics were presented to the Secretary for final review and feedback.

Finalize Annual Audit Work Plan (pages 5-7).

FISCAL YEAR 2025-26 AUDIT WORK PLAN

The OIG’s Annual Audit Work Plan provides broad audit coverage and focuses OIG resources on areas with the greatest known risks. We dedicate resources to auditing Department processes, contractor and consultant contracts, intermodal grant programs, and examining federal reimbursement rates.

The OIG has 24 audit positions and 30,437 available hours allocated as follows:

Total FY 2025-26 Potential Hours Available	30,437
Carry-forward hours to complete FY 2024-25 projects	3,439
Reserve 400 hours for CIG requests	400
Reserve 20 percent of hours for senior management requests	5,400
Recurring projects (Performance Measures, Rates, etc.)	4,810
New topics identified through the risk assessment process	16,389
Total FY 2025-26 Hours Allocated	30,437

**Office of Inspector General
Florida Department of Transportation**

Our FY 2025-26 Audit Work Plan includes 58 topics, listed below.¹ Engagements with an asterisk (*) indicate a specific contract or grant will be determined when the engagement is initiated. The long-term topics, required to be identified by statute, are on page 7.²

Engineering and Operations		
Area	Topic	Project Type
Construction	24C-009 Audit of Contract T4477	Carry Forward
	24C-007 District 7 Contract Modification E7J46	Carry Forward
	25C-010 Audit of a Contract TBD	Carry Forward
	Construction Contract Audit – Project 1*	New
	Construction Contract Audit – Project 2*	New
	CEI Contract Audit	New
Maintenance	25P-010 Fleet Management	Carry Forward
	25P-005 Adopt-a-Highway	Carry Forward
Program Management	23I-003 Gadsden County LAP Audit	Carry Forward
	21I-002 Utility Rates Procedures	Carry Forward
	LAP Audit Project	New
Right of Way	ROW Parcel Acquisition	New
Emergency Management	COOP	New
	Starlink	New
Safety	Safety Grant	New
Traffic Engineering and Operations	FDOT Intelligent Transportation System - Signs	New

Strategic Development		
Area	Topic	Project Type
Aviation	25I-007 Northeast Florida Regional Airport	Carry Forward
	Miami Dade International Airport	New
	Unmanned Aircraft System Program	New
Freight & Rail	25I-008 CSX Transportation Rail Contract # ASS43	Carry Forward
	Florida East Coast Railway 2024 Indirect Rate Review	Recurring
	CSXT 2024 Indirect Rate Review	Recurring
Seaport	25I-006 Jacksonville Port	Carry Forward
	Manatee Seaport	New
	Port of Tampa	New
Transit	24I-006 Ride Solution Transit Audit	Carry Forward
	25I-002 Hillsborough (HART)	Carry Forward
	Miami Dade Transit	New
	Jacksonville Transit Authority (JTA)	New
Spaceport	24I-003 Spaceport Program Audit	Carry Forward
Policy Planning	25I-004 Miami-Dade (MDTPO)	Carry Forward
	Metropolitan Planning Organization (MPO) Audit Project	New

¹ Although captured in the total programmed hours, some non-audit projects (e.g., computer forensics) and confidential (e.g., whistle-blower related) projects are not listed in these tables. Additionally, some project names have been combined for ease of reporting (e.g., CPA working paper reviews and corresponding cognizant letter).

² Although a long-term audit plan is required by statute, the risk assessment process is conducted annually; therefore, the topics listed may not be included in future audit plans.

LONG-TERM AUDIT WORK PLAN POTENTIAL TOPICS

The following were identified as potential long-term topics as part of the FY 2025-26 annual risk assessment:

Engineering and Operations

- Truck Parking Program
- Weigh Stations

Finance and Accounting

- Building Security
- Emergency Procurement Review
- Department Utility Rate Analysis
- PALM Implementation

Strategic Development

- Rail Programs (Aggregated Programming)
- Gainesville MTPO
- Panhandle Transportation Planning Organization Review

Transportation Technology

- Unpatched Legacy Systems
- Third -Party Vendor Risk
- IT Asset Inventory/IT Asset Purchase not Authorized by OIT
